

JOB DESCRIPTION  
MASA Healthcare Staffing & Recruiting Services

Position Title: Specialist/Consultant-Dermatology

Location: Arabian Gulf

Summary:

Dermatologists are physicians who diagnose and treat conditions and diseases of the skin, hair, and nails, such as fungal infections, acne (pimples), birth-marks, skin cancer, eczema (itching, scaling skin), warts, and psoriasis (red patches of skin covered with white scales). The dermatologist first examines the affected area and then may take blood samples, skin scrapings, or tissue samples. The dermatologist usually examines the samples under a microscope or analyzes them using chemical and biological tests. Physicians often supervise other health-care workers, such as physician assistants, nurses, and technicians. Their patients range in age from adolescents to the elderly. They are required to be able to apply physical assessment, intervention, and planning, conduct the appropriate documentations and evaluation, and direct other medical supporting staff when needed.
