

JOB DESCRIPTION
MASA Healthcare Staffing & Recruiting Services

Position Title: Specialist/Consultant-Internal Medicine

Location: Arabian Gulf

Summary:

Physicians, or medical doctors (MDs), diagnose and treat diseases, injuries, and other disorders. They also work to promote good health and prevent illness. Physicians often supervise other health-care workers, such as physician assistants, nurses, and technicians. Physicians who specialize in internal medicine are called internists. They diagnose and treat problems of the internal organs, such as the liver, heart, and lungs. They do not perform surgery. Internists manage and treat common health problems, such as infections, influenza and pneumonia. Their patients range in age from adolescents to the elderly. They are required to be able to apply physical assessment, intervention, and planning, conduct the appropriate documentations and evaluation, and direct other medical supporting staff when needed.
